Define Problem Statements (Customer Problem Statement Template):

Project: Employee Onboarding & Offboarding System in ServiceNow

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student/professional attending networking events	Build meaningful conversations and connect with professionals	I don't know how to start conversations with new people	I lack confidence and don't always have enough knowledge about the event topics	Nervous, unprepared, and hesitant to network effectively
PS - 2	A networking event participant	Learn about unfamiliar topics and verify information before speaking with others	I cannot quickly find reliable and accurate information during or before the event	Searching multiple websites is time-consuming and information may not always be trustworthy	Confused, less confident, and worried about sharing incorrect information
